

GALLERY RETAIL PRICE LIST

Gallery pieces are designed to be a centre piece for either inside or outside the home. Made of natural slate they come in polished or natural cut versions. They are resilient to all weathers. The round Gallery features are sealed for minimal planting or cut flowers. The Surmi of the range are made from slate sections and have very large planting areas and if turned over become very effective presentational plinths for the complete range.

Albalone

Stylishly simple. The detail is with the colours contained in the natural slate material which shines and changes appearance at every angle.
